

## Spotlight Story Q&A: EmployeeMetrics

### 1. What does your company do that supports/assists restaurants?

We provide add-on software to existing timekeeping/point-of-sale systems so that they save money on labor and avoid a painful lawsuit.

### 2. What's a new service or product of yours that you want restaurant members to know about?

We are really excited about our "Live View" of timekeeping data on tablets and monitors inside restaurants. The feedback from our restaurant clients is extremely positive.

### 3. Why have you joined the CRA?

CRA's mission tracks that of EmployeeMetrics: to help restaurants thrive, not just survive. CRA provides a wonderful resource for connecting with restaurant owners/operators and other third-party vendors.

### 4. What's your favorite part of working with restaurants? OR Why do you choose to work with restaurants?

Restaurants and bars have a way of bringing generations of families and friends together. They are a vital part of the local community and economy. Imagine a city or town without restaurants -- it would be so boring!

### 5. How can people get in touch with you for questions?

### Bonus Question:

### What's your favorite restaurant near you? OR What's your favorite restaurant meal?

I gotta go with Miceli's near the Hollywood Bowl. About 20 years ago, I went on a memorable first date with a nice girl at Miceli's. A year later I took that same girl back to Miceli's and asked her to marry me. She said "yes."
